

More Resources and Links for Veterans

- **[Department of Veterans Affairs](#)**: Our primary mission is to create and foster a communication network for VA providers involved in hospice and palliative care. Special information about veterans benefits can also be found in the [Veterans Services](#) section of the VA website. The Veterans Administration has also added hospice and palliative care services to the [VISN 9 Health Care Services](#) website. The VA recently issued fee service funding guidelines for hospice and palliative care. These guidelines are available [here](#). 
- **[NHPCO Veteran's Resources](#)**: Visit NHPCO's Veterans' website to discover a growing list of resources for your use.
- **[Hospice Veteran's Partnership Toolkit](#)**: HVPs are statewide or community-based partnerships dedicated to increasing veterans' access to hospice and palliative care.
- **[Veteran Memorial and Burial Benefits](#)** : Information on veteran burial and memorial benefits, national cemeteries, and eligibility requirements.
- **[Veterans History Project & Toolkit](#)**: The Veterans History Project relies on volunteers to collect and preserve stories of wartime service.
- **[Veterans Hospital – Nashville, TN](#)**
- **[Post Traumatic Stress Disorder Information Center](#)**: The PTSD information center contains in-depth information on PTSD and traumatic stress for a general audience. Working with veterans can often include dealing with the effects of Post-Traumatic Stress Disorder (PTSD). This [handout](#) helps identify the many unseen symptoms of PTSD in soldiers and veterans
